

MUHS-SIMULATION LAB

MAHARASHTRA UNIVERSITY OF HEALTH SCIENCES

VISION :

- Advancing Medical Education Through Innovation
- Supporting medical fraternity in delivering high-impact experiential learning using task trainers and high fidelity simulators.
- Imparting technical clinical skills, fostering interprofessional collaboration and improving patient safety

MISSION :

- Improving patient safety through repetitive training of clinical skills in safe environment of simulation lab
- Bridging theory & practice: Empowering lifelong learning to achieve excellence providing skill lab facilities to medical colleges having limited resources for skill lab by conducting workshops for them at MUHS or through mobile skill lab

OBJECTIVES :

1. Enhanced clinical competency
2. Improved patient safety
3. Interdisciplinary teamwork
4. Research and innovation
5. Confidence building

MUHS-SIMULATION LAB

MAHARASHTRA UNIVERSITY OF HEALTH SCIENCES

Strategic initiatives:

- Training clinical skills to postgraduate and undergraduate students every month
- Training BLS to nursing staff in the hospital
- Utilising skill lab facilities for educating MUHS faculties about COLS
- Camps in Nashik district for giving COLS training to lay people

Core values:

- Knowledge
- Attitude
- Responsiveness
